Dear Sir:

Applicant filed PTO/SB/08 forms in the above-captioned case on September 20, 2001 and October 3, 2005. In reviewing the present application in preparation for payment of the Issue Fee, Applicants noted that the Examiner crossed out references in the September 20, 2001 SB/08 with the explanation that English translation was not submitted. The October 3, 2005 references were crossed out with the explanation that an English translation was not provided to support the Japanese references submitted.

Please note that in both instances supporting relevance was submitted.

The September 20, 2001 reference JP 11-24981 was discussed in the specification, pages 10-11. A copy of pages 10-11 of the specification is attached for ease of reference.

With respect to October 3, 2005 SB/08, the references were submitted with an English translation of the Japanese Office Action, which explained the relevance of the references. The references were referred to as Prior References A, B and C in the translation. A duplicate copy of the English translation of the Japanese Office Action is attached for review and consideration.

It is respectfully requested that the references now be initialed and the initialed forms returned to the undersigned.

No fee is deemed necessary in connection with the filing of this Request for Supplemental Notice of Allowability. If any fees are required, authorization is hereby given to charge the amount of any such fees to Deposit Account No. 50-2215.

Dated: August 16, 2006

Respectfully submitted,
